

Maryland Higher Education Commission - 2023 Report on Best Practices and Annual Progress toward the 55% Completion Goal

Since 2012, the Maryland Higher Education Commission (MHEC) has produced an annual report documenting best practices and progress toward the State's 2025 completion goal. These reports appear on the MHEC website at <http://www.mhec.state.md.us/publications/Pages/research/index.aspx> under Student and Academic Affairs.

For the 2023 report, MHEC seeks to focus on successes and challenges. Therefore, institutions are asked to report on:

- their three most effective initiatives tied to student success, sharing the evidence of effectiveness and
- two initiatives that were implemented in the past five years that, upon measuring effectiveness, *showed little to no impact*.

In addition, each institution is invited to review and comment on the undergraduate degree target MHEC has established for the institution, as indicated in the 2022 report that can be found via the link above.

Those institutions that choose to submit a report should provide a narrative report, not to exceed four printed pages or approximately 1,500 words by September 20, 2023. Any comments on the undergraduate or graduate degree target may be included in the report.

Please use this form to upload your report. Materials are due September 20, 2023.
