

MARYLAND HIGHER EDUCATION COMMISSION
MHEC FORM S-1 INSTRUCTIONS
ENROLLMENT BY PROGRAM

INSTRUCTIONS:

This form provides final Fall enrollment information for your institution to both the Commission and the U.S. Department of Education. Race/Ethnicity data is required each year due to the IPEDS reporting requirements.

The enrollment numbers provided should be as of your institution's official Fall reporting date or as of October 15. Report all students enrolled in courses creditable toward a degree or other formal award. Also include students exclusively enrolled in non-credit remedial courses who have been accepted into a degree program and are required by the institution to take these courses. If there are students whose gender is not known, divide them evenly between the male and female categories.

Students enrolled in either extension courses, off-campus programs, or in a branch campus that is located within Maryland should be reported on the form for the main campus. Do NOT include in this report: (a) Students exclusively in non-credit adult education courses and non-credit extension courses. (b) Students exclusively auditing classes. (c) Students studying abroad (e.g., at a foreign university) if their enrollment at this institution is only an administrative record and the fee is only nominal. (d) Students in any branch campus or extension center in a foreign country.

Starting in 2011 Excel workbooks for Undergraduate programs and Graduate Programs are provided at MHEC Secure Data Web <http://data.mhec.state.md.us/>) Each workbook has a separate worksheet for each program offered at your institution. The programs of study follow the publication titled "Academic Programs in Maryland's Colleges and Universities". Other worksheets, entitled Undeclared Major, have been provided at each degree level for those students who are seeking a specific degree but are undeclared, undecided or unknown in their major. Additional worksheets for undergraduates and graduates have been included for those students who are not enrolled in a specific program and are not seeking any degree. These non-degree seeking students should be reported on worksheets entitled Non-Degree Undergraduate or Non-Degree Graduate.

Institution total worksheets are automatically calculated for undergraduate, and graduate enrollment as appropriate for your institution. Please review the total worksheets . The total worksheets provide a means to check the total enrollment for your institution and to verify the program pages.
