

MAPCS Summary of Changes for 2020-21 Submission

The collection continues to evolve with revisions. **This year be prepared for full front end editing for each field similar to other collection systems.** Editing is available for preliminary editing and for final official submissions. Details for changes below are posted on the [Data Website](#) under the MAPCS section and the Data Cookbook. Links are included below.

Capstone Location Code [DD156](#) – **This is a required and edited field this year**

- The county (if in Maryland) or state (if outside of Maryland) where the student completed an edTPA and/or final internship to fulfill requirements for the MAPCS program code being reported. For students who complete more than one MAPCS program in a reporting period, each program code may have a different capstone location reported.
