

**S-11 Survey – SAT Profile Guidance  
Four Year Publics only – Released 10/01/2021**

Colleagues,

It has been brought to our attention that institutions have temporary and permanent admissions policies in place regarding SAT test scores. Primary guidance from MHEC on the S-11 form is to report the data the institution has. When the data are reported, whether MHEC uses average and counts or average only, a technical note will be included. Please use the comments section of the upload form to convey special details about your institution's submission. Comments will inform the technical notes we use when reporting.

If your institution's S-11 data include test scores used in admissions and test scores solely for placement in courses/remediation, please ensure you indicate that practice in the comments section when uploading.

If you have questions, contact [barbara.schmertz@maryland.gov](mailto:barbara.schmertz@maryland.gov) and ensure you add the [mac2help.mhec@maryland.gov](mailto:mac2help.mhec@maryland.gov) email address as well.
